DID YOU KNOW?

E15 is for 2001 and newer vehicles

E15 is the most widely tested fuel to ever be offered for sale in the United States. More than 8 million miles and counting have been driven using E15. E15 keeps your engine clean and efficiently while keeping more money in your pocket!
e15 Keeps Money in Your Pocket

More than 90% of the gasoline sold in the U.S. contains 10% ethanol. Adding a little more ethanol keeps more money in your pocket as ethanol is traditionally lower cost than pure gasoline.

SAME PERFORMANCE
E15 performs the same as other fuels. More than 8 million miles have been driven using E15 with good performance and no engine performance issues.

GOOD FOR OUR ECONOMY
Ethanol is a domestic fuel and 100% of what you pay at the pump goes to American workers and companies rather than foreign oil interests.

BREATHE A LITTLE EASIER
Gasoline is full of ozone polluting components that contribute to pollution and breathing disorders. Ethanol is a clean burning fuel that makes breathing a little easier for all of us.
